Model/Type	Automation systems, Operating wooden platform , Filling funnel electric and adjustable height, Valve with funnel heater, Steel knocker
Volume	75 m ³
Stocked goods	Salt

Switzerland

Square-shaped salt silo E4 with pre-greyed larch inverted formwork and a volume of 75m³. This is the first E4 silo from BL Silobau AG to be equipped with weighing/semi-automatic systems. Further extensions to the plant:

- Operating platform made of larch pre-greyed
- Height-adjustable windsock for filling vehicles of different heights
- Slider and hopper heating to prevent the stored material from freezing
- Knocker with operating rope for slide bar
